Cookies are also placed by third parties we have engaged. In the document below we inform you about the use of cookies on our website.

3. What are cookies?

A cookie is a small simple file that is sent along with pages of this website and stored by your browser on the hard drive of your computer or another device. The information stored therein may be returned to our servers or to the servers of the relevant third parties during a subsequent visit.

4. What are scripts?

A script is a piece of program code that is used to make our website function properly and interactively. This code is executed on our server or on your device.

5. Cookies

5.1 Technical or functional cookies

Some cookies ensure that certain parts of the website work properly and that your user preferences remain known. By placing functional cookies, we make it easier for you to visit our website. This way, you do not need to repeatedly enter the same information when visiting our website and, for example, the items remain in your shopping cart until you have paid. We may place these cookies without your consent.

5.2 Marketing/Tracking cookies

Marketing/Tracking cookies are cookies or any other form of local storage, used to create user profiles to display advertising or to track the user on this website or across several websites for similar marketing purposes.

5.3 Social media buttons

On our website we have included buttons for WhatsApp to promote webpages (e.g. “like”, “pin”) or share (e.g. “tweet”) on social networks like WhatsApp. These buttons work using pieces of code coming from WhatsApp themselves. This code places cookies. These social media buttons also can store and process certain information, so a personalized advertisement can be shown to you.

Please read the privacy statement of these social networks (which can change regularly) to read what they do with your (personal) data which they process using these cookies. The data that is retrieved is anonymized as much as possible. WhatsApp is located in the United States.
